 - Quickly unload equipment and prepare stall for your horse.
 - Move trailer to designated trailer parking lot. Remember that others are waiting with their trailers to unload too.
1. All equine projects will stay on the fairgrounds for the duration of the fair. This rules includes equine projects to be exhibited for State Fair recognition regardless if qualifying in Madison County or another county.

Equine advisers are to ensure their clubs' participation.

2. Each exhibitor is required to clean out their assigned stall prior to the first day of fair. Your adviser will be notified when the stall assignments are made so you can arrange to prepare your horses stall and club's barn area before hauling your equine project to fair. Be prepared with a shovel, pitchfork, wheelbarrow or muck bucket, broom and a bleach and water solution for sanitizing. Each exhibitor is also required to clean out their stall and barn area before leaving the fair. 12. There will be a mandatory barn meeting at 8:30 p.m. on check-in day for exhibitors and one parent/legal guardian. Any 4-H equine member requesting to haul in late must submit the request to the Senior Fair Board and receive approval to do so prior to haul in day.

18. A tentative practice time schedule will be decided on for all participants in their respective riding styles/classes. Example: All Walk Trot, All Reining, All Contesting, etc. This will be posted on the board by

the announcer's stand.

19. The Main Arena will remain open all day and night * may be closed for watering and dragging

NEW! Versatility Event

1. The uniform rules for 4-H horse shows suggests two years of "project work with horses" before competing.
2. If a rider has any infraction that would disqualify them from an individual class (see "uniform rules for 4-H horse shows") they will receive a no score but may continue to show in the Versatility competition and are still eligible for overall placing.
3. Grooms: A participant may elect to use up to 2 grooms. Participants and their grooms will be required to wait in a designated area away from all spectators. No participant or groom is permitted to leave the designated area during tack changes or after the class has started. If a groom leaves the designated area, he or she cannot return. The exhibitor can continue to show with only one groom. If a groom should leave the designated area and then return, the exhibitor will be disqualified from the complete versatility competition. Talking between grooms and participants is allowed.
4. Wheelbarrows, carts, and/or wagons are to be used to carry tack. No trucks will be permitted. All tack must be brought into the designated area before the start of the class. No one is allowed to enter the designated area, and nothing is allowed to be passed into the designated area during versatility. Any infraction of this rule will disqualify the participant from the versatility competition. Water is permitted in the make-up area.
5. Tack changes: Each tack change will be given 5 minutes. All tack changes must be made in the arena. Grooms will assist with all tack changes. If an exhibitor is not ready (mounted, unless an in-hand class, fully prepare to compete) at the end of the tack change, they will be eliminated from the versatility competition. Appropriate tack, attire, and equipment based on the Uniform Rules, is required. (Tack change time limits may be less if all exhibitors and judges agree). At completion of tack change, grooms will be asked to step away from the horse and competitor so there is no question that a groom was assisting after tack change was complete.
6. A rider, while mounted, may adjust stirrups, tighten girth, fix reins, etc. even after tack change. If it is a safety concern, address the key leader/judge for assistance.
7. The key leader/judge will be the ultimate decision maker for questions that participants/grooms have during the competition.
8. Sweat marks are excused.

9. In case of a tie, skill-athon scores will be considered the tie breaker.
10. For scoring and point tallying, classes will be placed 1st-10th. Points awarded will be 1st-10, 2nd-9, 3rd-8, 4th-7th, 5th-6 etc. See the Unifor rule book (pg. 61 of 2018 ed) for more information.
