Equine Fun Show – classes posted the morning of the show

Jr. Fair Equine General Rules and Regulations

Check-in procedures:

- Check in at announcer's booth. At check-in you will confirm the classes in which you are entered. Please report to the Jr. Fair Office for Back Numbers (use Same Number all week) **Needed is a Negative Coggins and Health Certificate.**
- Confirm all stall assignments and wait to be directed to an available unloading space behind or in front of the Equine arena.
- If there are concerns about your stall assignment, please bring them to the committee's attention BEFORE moving your equine into the fairgrounds if possible.
- Quickly unload equipment and prepare the stall for your horse.
- Move trailers to the designated trailer parking lot. Remember that others are waiting with their trailers to unload too.

1. All equine projects will stay on the fairgrounds for the duration of the fair. This includes equine projects to be exhibited for State Fair recognition regardless of qualifying in Madison County or another county.
2. The PAS (Performance Against Standards) shows serve as the qualifying show for the Ohio State Fair. Both 4-H and FFA youth are eligible to participate.
3. All equine projects must be groomed and cleaned for judging.
4. Exhibitors must ride their own horse for PAS, as well as the junior fair show. They must use the exhibitor number assigned to them. No one but the 4-H/FFA exhibitor may compete in any show that week.
5. Exhibitors carrying production projects may show in any class as well as the production class according to Ohio State equine production guidelines.
6. You are allowed a combination of 3 equine projects consisting of 2 horses and 1 donkey or 2 donkeys and 1 horse. You are not permitted to do more than 2 projects for any one species, not to exceed 3 total.
7. Judges' decisions are final.
8. All exhibitors and their parents are responsible for reading and being aware of the information presented in the fair book, "Uniform Rules of 4-H Horse Shows", and State Fair/Junior Equine show rules. This information can be acquired at the extension office.
9. Feeding, watering, cleaning of stalls, and bathing can be done by the exhibitor or their parents, guardians, siblings, another exhibitor, or advisor. Feeding and cleaning of stalls must be done before 9am.
10. Lunging of an exhibitor's project horse can only be done by an exhibitor, parent, guardian, sibling, advisor as long as Exhibitor is Present. No trainers, except if they are a parent/guardian, sibling of the exhibitor may lunge a project horse during the fair. It is **required** that the exhibitor be present during this activity. Junior Fair is a learning process, and they cannot learn if they are not present. Violation will result in a Possible disqualification of showing. Violation will also disqualify the exhibitor from the State Fair if qualified.

11. **Riding of a project horse can only be done by the exhibitor during fair week.** If the exhibitor qualifies for the State Fair, this rule applies until after they have shown the respective classes at the State Fair. Violation will result in exclusion from the Grade Show and the State Fair if qualified. The only exception to this rule is during the Jr. Fair Equine Fun Show. The only riders permitted are an advisor, Exhibitor, partner or guardian, provided the equine project did not qualify for the State Fair, This will only apply if the Exhibitor is having a safety issue with an animal and needs assistance. The Committee had the right to determine if it is a safety issue for schooling by an adult of that animal. There is now a 3 strike rule in place. The Exhibitor and Guardian/Advisor will get a verbal warning, a written warning and a third time will result in disqualification and or not returning to fair for following year.
12. During the Fun Show only one person is permitted to show the same equine project in a class. The only exception to this rule is the Baby Bottle Blass where it is required for two people to ride the same equine project. A \$2 donation will go toward the purchase of prizes and awards for the Fun Show classes.
13. An exhibitor may show the same horse in Trail in Hand and any other trail class. An exhibitor cannot show the same horse in Ranch Pleasure and any other pleasure class.
14. **Tack stalls will be assigned as long as stalls are available.**
15. All rules stated in the Madison County Fair Book override rules in the 4-H Uniform Rules Book. The 4-H Uniform Rules Book governs any rules not covered by the Madison County Rule Book.

NEW! Emergency Contact Cards

- It is important to keep up-to-date emergency contact information on file for not only the exhibitor but also the animals. This information will be accessed by the 4-H volunteer staff in the event of an emergency on the fairgrounds. We ask that you please take the time to update your contacts on a yearly basis.
- Turn in your emergency contact cards PRIOR to checking in at the announcer's booth.

Equine/Family Partnership

The purpose of a Family Partnership is for families with only one equine animal to allow two siblings to participate in the Junior Fair. A multiple member partnership consists of two siblings, 4-H and/or FFA member/exhibitors caring for a single horse project animal.

1. A 4-H or FFA member may not participate in more than one multiple member partnership equine project and may not participate in a multiple member equine project in addition to an individual member equine project or a family equine project. Members of the partnership may not participate in county PAS shows for state fair qualification.
2. Members of the multiple member equine partnership may share the equine project to participate in evaluation for Junior Fair premiums, the Junior Fair Equine Shoe, and any

Junior Fair Fun Shoes, as long as members of the multiple equine partnership are not required to exhibit at the same time, in the same class.

3. Only members of multiple member partnerships are allowed to be riding on the multiple member partnership equine project during the week of Junior Fair.
4. Horse Exhibitors will have separate projects and record books.
5. Only the exhibitors of multiple member partnership equine project may ride the equine project at the show.

Equine advisors are to ensure their club's participation.

18. A tentative practice time schedule will be decided on for all participants in their respective riding styles/classes. Example: All Walk Trot, All Reining, All Contesting, etc. This will be posted on the board by the announcer's stand.
19. The Main Arena will remain open from 6am to 12pm but may close for water and dragging.
20. Any exhibitor using the wash rack must clean up any mess they or their equine makes. Limit your use of the wash rack to 15 minutes so others will have the opportunity to use the facility.

NEW! Versatility Event

1. The uniform rules for 4-H horse shows suggests two years of “project work with horses” before competing.
2. If a rider has any infraction that would disqualify them from an individual class (see “Uniform rules for 4-H horse shows”) they will receive no score but may continue to show in the Versatility competition and are still eligible for overall placing.
3. Grooms: A participant may elect to use up to 2 grooms. Participants and their grooms will be required to wait in a designated area away from all spectators. No participant or groom is permitted to leave the designated area during tack changes or after the class

has started. If a groom leaves the designated area, they cannot return. The exhibitor can continue to show with only one groom. If the groom should leave the designated area and then return, the exhibitor will be disqualified from the complete versatility competition. Talking between grooms and participants is allowed.

4. Wheelbarrows, carts, and/or wagons are to be used to carry tack. No trucks will be permitted. All tack must be brought into the designated area before the start of the class. No one is allowed to enter the designated area, and nothing is allowed to be passed into the designated area during versatility. Any infraction of this rule will disqualify the participant from the versatility competition. Water is permitted in the make-up arena.
5. Tack changes: Each tack change will be given 5 minutes. All tack changes must be made in the arena. Grooms will assist with all tack changes. If an exhibitor is not ready (mounted, unless an in-hand class, fully prepared to compete) at the end of the tack change, they will be eliminated from the versatility competition. Appropriate tack, attire, and equipment based on the Uniform Rules is required (tack change time limits may be less if all exhibitors and judges agree). At the completion of tack change, grooms will be asked to step away from the horse and competitor so there is no question that a groom was assisting after tack change was complete.
6. A rider, while mounted, may adjust stirrups, tighten girth, fix reins, etc.; even after tack change. If it is a safety concern, address the key leader/judge for assistance.
7. The committee/judge will be the ultimate decision maker for questions that participants/grooms have during the competition.
8. Sweat marks are excused.
9. In case of a tie, skill-a-thon scores will be considered the tie breaker. For scoring and point tallying, classes will be placed 1st through 10th.
 - a. Point values: 1st – 10; 2nd – 9; 3rd – 8; 4th – 7; etc.
